

COMMUNITY CHRISTIAN SCHOOL
2010-2011 Supply List
K2 - 6th Grade

Families – as you choose school supplies please make sure the items do not have themes, symbols, pictures, photos, sayings, or artwork that would be inappropriate for a Christian school. As you can agree, today's companies try to display just about everything on their products.

Examples would be: Items that reject the Faith or the church, portray "Hollywood" actors, are associated with violence, show improperly dressed individuals or characters, have worldly-styled music, display divisive flags or symbols, and contain popular but morally inappropriate items.

Thank you for your help. Please contact the office if you have questions.
